Horace Lytle

Something I've Been Meaning to Tell You Alice Munro, 2011-12-21 A “masterful” (Houston Post) collection of stories from Nobel Prize-winning author Alice Munro “A spellbinding tour through a world of love, menace, and surprise . . . [Munro] is a writer of enormous gifts and perception.”—Los Angeles Times The sisters, mothers and daughters, aunts, grandmothers, and friends in these thirteen stories, “a rich exploration of womanhood” (Ms.), shimmer with hope and love, anger and reconciliation, as they content with their histories and their present, and what they can see of the future. In her remarkable second collection, Alice Munro demonstrates the precise observation, straightforward prose style, and masterful technique hailed by John Updike, who wrote in the New York Times Book Review that “one must go back to Tolstoy and Chekhov . . . for comparable largeness.”

I've Been Meaning to Tell You David Chariandy, 2019-03-14 'There is, as you pick it up, nothing to prepare you for its power' OBSERVER 'Quite simply, one of the most beautiful books I have ever read' AMINATTA FORNA How do we navigate our complex histories for our children? What is our duty to share and what must we leave for them to discover? Writing to his daughter, David Chariandy asks difficult, unsettling, perhaps impossible questions - questions made all the more poignant by our current political landscape. With tender, spare and luminous prose, Chariandy looks both into his heart and mind and out to the world and humanity. In the tradition of Ta-Nehisi Coates and Chimamanda Ngozi Adichie, this is a book about race; this is a book about family.

Ambiguity Machines Vandana Singh, 2018-02-13 Philip K. Dick Award finalist Praise for Vandana Singh: “A most promising and original young writer.”—Ursula K. Le Guin “Lovely! What a pleasure this book is . . . full of warmth, compassion, affection, high comedy and low.”—Molly Gloss, author of *The Hearts of Horses* “Vandana Singh’s radiant protagonist is a planet unto herself.”—Village Voice “Sweeping starscapes and daring cosmology that make Singh a worthy heir to Cordwainer Smith and Arthur C. Clarke.”—Chris Moriarty, *Fantasy & Science Fiction* “I’m looking forward to the collection . . . everything I’ve read has impressed me—the past and future visions in ‘Delhi’, the intensity of ‘Thirst’, the feeling of escape at the end of ‘The Tetrahedron’...” —Niall Harrison, *Vector* (British Science Fiction Association) “...the first writer of Indian origin to make a serious mark in the SF world ... she writes with such a beguiling touch of the strange.” —Nilanjana Roy, *Business Standard* In her first North American collection, Vandana Singh’s deep humanism interplays with

her scientific background in stories that explore and celebrate this world and others and characters who are trying to make sense of the people they meet, what they see, and the challenges they face. An eleventh century poet wakes to find he is as an artificially intelligent companion on a starship. A woman of no account has the ability to look into the past. In *Requiem*, a major new novella, a woman goes to Alaska to try and make sense of her aunt's disappearance. Singh's stories have been performed on BBC radio, been finalists for the British SF Association award, selected for the Tiptree award honor list, and oft reprinted in Best of the Year anthologies. Her dives deep into the vast strangeness of the universe without and within and with her unblinking clear vision she explores the ways we move through space and time: together, yet always apart.

Ofelia Ashley Facundo, 1939 *Ofelia* is a story about a love that could not be easily lost or forgotten. During the early 1900s, a young teenage couple who end up falling in love seem destined to be together. Cody Parker, the very handsome, high spirited young man was working as a horse trainer for the Heart family. Ms. Ofelia Heart was growing up wealthy and proper. Despite their circumstances, they were on the verge of getting engaged but on one unfortunate day, Cody ends up losing his life in an accident while saving his ten year old brother Mike. Ofelia Heart is devastated and was never able to recover from the loss of her beloved. However, decades later, a young girl named Socorro finds herself coming across a sacred world meant to heal and save those in need and no sooner after finding this peaceful world, she comes across the main guardian of this wonderful place. Oddly enough, she feels a strange sense of familiarity towards him and while she later learns it is forbidden, she finds herself falling in love with him. While Cody was well aware of the forbidden feelings that all guardians are forbidden to feel towards mortal humans, Cody could not control the love he instantly felt towards Socorro the moment he brought her into his world and during their time together, not only do they find out more about each other but also, why they found each other.

***** CAN ONE CHANCE ENCOUNTER CHANGE THE COURSE OF A LIFE? Visitors to Stoke Park in Worcestershire could be forgiven for thinking that the house had a timeless quality. Certainly this occurs to Frederick Jourdan, the American composer who has rented the place to escape from overwork and from his well-meaning but exhausting fiancée. He revels in the peace and beauty of the place, until, early one morning, he happens upon the heartstopping sight of the reclusive young occupant of the nearby Folly feeding deer at early dawn. He finds his life has been changed for ever. Time has indeed stood still for Fleur Fisher-Dilke, but for reasons that can't be guessed. Born to an ambitious surgeon and his social-climbing wife, Fleur has only ever been seen as a tool to improve the family's social prospects. Quite by chance, however, she finds she has a prodigious gift, and in spite of her parents' opposition, her talent blossoms. Choices are made, but not forgiven, and it is only when her life takes a sudden and tragic turn, and she meets a fascinating and irreverent figure who is her opposite in every way, that Fleur finds the courage she needs to move forward...

Dragon in the Mist Tom Caine,2017-10-20 This story is set in the year 880, two years after King Alfred's famous victory over the great heathen army at Edington, which had been led by Jarl Guthrum. Until the formal peace treaty is ratified, there remains an uneasy peace between what remains of Mercia and the Saxon Christian Kingdom of Wessex and the north-eastern part of Mercia and East Anglia, now known as the Danelaw. It is ruled by Guthrum, who, on becoming a Christian, is now known as King Æthelstan. Constant raiding and fighting along the unratified borders has left England in turmoil, even with the uneasy peace between Alfred's Wessex and Guthrum's Danelaw. Raiding by Norse Vikings is still continuing all along the coast of Wessex. King Alfred has started to protect his kingdom by building fortified burhs across his lands and to build his own navy. Into this tumultuous upheaval, almost by chance, is Wulfric, the seventeen-year-old son of Earldoman Hrothwulf. Along with his friends Acca, Raulf, and Brother Cahir (a Benedictine monk), the young Saxon lord embarks on a series of adventures, which take him from a youthful life of carefree privilege into the world of violence, treachery, betrayal, and love. For the young Wulfric, the transition from youth into manhood is swift and terrifyingly brutal. Wulfric helps to save a young Norse lord named Alrik and his friend Arnkell from the wrath of his father, Hrothwulf, as he hunts down Alrik and his men.

Single dad and sheriff's deputy Cash Walker doesn't have time for romance, and yet something about the tempting loner twists his stomach up tighter than a tangle of tinsel. He may have finally found the missing piece in his life...but with Jinx so determined to avoid putting down roots, convincing her to stay may just take a Christmas miracle.

Unexpected Blessings Barbara Taylor Bradford,2007-04-01 The new blockbuster from one of the world's greatest storytellers delves into the life of Emma Harte--the original Woman of Substance--and the ambitious, passionate, and volatile women of the next generations. Evan, Tessa, Linnet, and India: four remarkable women. Three generations of Hartes. One indomitable family whose loyalty binds them together and whose enemies want to tear them apart. Evan Hughes, Emma's American great-granddaughter, is trying to integrate into the powerful Harte family. She is caught between her estranged parents, her new family, and her new love. But a dangerous enemy hovers in the background. Tessa Longden, Evan's cousin, is battling her husband for custody of their daughter, Adele. When Adele suddenly goes missing, Tessa is forced to seek help from her half-sister Linnet-a woman who has been her rival all their lives. Linnet, the most brilliant businesswoman of the

four great-granddaughters, is desperately trying to show that she is the natural heir to her mother, Paula. But her glittering future at the helm of the vast Harte empire means many sacrifices, perhaps even the loss of her sister's fragile trust. And India Standish, the traditionalist in the family, falls in love with a famous British artist from a working-class background. Madly in love, India is determined to marry him, no matter what her family thinks. It is Evan who finds new perspective about her own life from the revelations in letters that Emma wrote to Evan's grandmother decades ago. But they may come too late.... As conflict and danger swirl around the Harte women, someone is pulling the strings to make sure none of them finds happiness. Who among them will rise to the challenges as only a true Harte can do? This latest dramatic story in the ongoing saga of an extraordinary family dynasty is full of love, passion, jealousy, and ambition. It is Barbara Taylor Bradford at her inimitable best.

The Glass Carl Long,2020-07-06 The Glass is a contemporary Gothic Horror ghost story. Christopher Higson procures an ornate, cheval-glass mirror amongst the cultural carrion at a house clearance on the ancient and heirless Bradley Estate, a gift for his wife, Maria, to help save their dying marriage. Their young son, William, caught in the crossfire in the battle between his parents, suddenly finds an imaginary friend, Jenny, and the only time he sees her is in the mirror. Amongst the blood and broken glass, Christopher and Maria try to save their marriage, and themselves, as they discover the horrible truth about William's imaginary friend. Does anyone know the damage we inflict upon our children? Innocently or deliberately, ignorantly or purposefully, does anyone see anything more than themselves in a mirror? There is no horror except that which we create for ourselves.

The Only Easy Day Was Yesterday Stephen Enna,2019-08-05 THE ONLY EASY DAY WAS YESTERDAY is the unofficial motto of the United States Navy SEAL's. This story is fiction but it is built on a foundation of fact. It is the story of Ashley Morgan Jamison and how she earned the Navy SEAL Triton and became the first woman in American History to earn the right to be called a Navy SEAL. Navy SEAL's are not born that way. They work hard to develop the physical strength to make it happen, and they must have a mindset that allows them to be mentally tough. Ashley is challenged at each stage of her life, but she meets all challenges with a mental toughness that very few possess. This is a story that just doesn't happen overnight. It is a story that is developed over 23 years of a woman's life. Every year presents a new challenge and Ashley thrives on challenges. Ashley's story is fiction but it is not far from reality. Women are now allowed to apply to become United States Navy SEAL's but they must pass every test that men must pass. There are no qualification differences. Some women have tried but as of this writing no woman has yet to succeed. It is my hope that somewhere, sometime a woman will read this story and based on Ashley's experiences the reader will learn, apply and succeed in pulling off something that no woman has yet to accomplish. I would like nothing better than to see this fiction story become a reality.
