Falling for Prince Charming: A Hilarious Best Friend's Brother Romcom Sophie-Leigh Robbins,2021-09-07 Enjoy this fun romcom by USA TODAY Bestselling Author Sophie-Leigh Robbins. Falling for your best friend's brother is tricky... unless you're keeping it a secret. Elle I never thought I'd be serving hotdogs dressed as an actual hotdog at the local amusement park. Not at twenty-five anyway. I know desperate times call for desperate measures, but come on... Do you know how hard it is to look good when you're squeezing yourself in between two brown buns every day? That's right, so hard that I'll never get Prince Charming's attention. Not that it matters. He's my best friend's brother aka completely off-limits. But the way he looks at me makes me weak in the buns. Colton All I want is to get through the summer and save up some cash by playing Prince Charming at the local amusement park so I can get out of Summerville Creek before I turn thirty or - even worse - before I turn out exactly like my dad. Falling for my sister's best friend isn't part of the plan, though. She's all red hair and curves, and she's driving me crazy in that adorable hotdog suit of hers. I try to avoid her as much as I can, but when my boss asks her to play the Princess to my Prince Charming, all bets are off. We're park royalty now and I want the happily ever after too. Falling for Prince Charming is book one in the funny romcom series That Wilson Charm by USA Today Bestselling Author Sophie-Leigh Robbins. If you love feel-good romantic comedy books and best friend's brother romances, then this one is for you.

Making Conversation Fred Dust,2020-12-01 A former Senior Partner and Global Managing Director at the legendary design firm IDEO shows how to design conversations and meetings that are creative and impactful. Conversations are one of the most fundamental means of communicating we have as humans. At their best, conversations are unconstrained, authentic and open—two or more people sharing thoughts and ideas in a way that bridges our individual experiences, achieves a common goal. At their worst, they foster misunderstanding, frustration and obscure our real intentions. How often do you

walk away from a conversation feeling really heard? That it moved the people in it forward in some important way? You're not alone. In his practice as a designer, Fred Dust began to approach conversations differently. After years of trying to broker communication between colleagues and clients, he came to believe there had to be a way to design the art of conversation itself with intention and purpose, but still artful and playful. *Making Conversation* codifies what he learned and outlines the seven elements essential to successful exchanges: Commitment, Creative Listening, Clarity, Context, Constraints, Change, and Create. Taken together, these seven elements form a set of resources anyone can use to be more deliberate and purposeful in making conversations work.
